Auctioneers note: Patricia and Michael are reducing the balance of several generations of farm collectibles, furniture and toys from J/K Farms. Their decision to do so will allow buyers the opportunity to bid on some very rare, nice and clean items. The collector toys will have to be seen to be appreciated and the listing will not be complete until closer to sale time. Many area collectors recognized Patricia's father, Jake Kerns, as one of the best toy tractor collectors and this will be a mere sample of what he had to offer.
